#### Soft Start/Stop Function

The MT600 is equipped with Chamberlain Soft Start/Stop technology, designed to ensure smooth and quiet door operation and longer life

#### Automatic Safety Function:

With its automatic safety function your garage door will stop and reverse automatically if obstructed going down or stop if obstructed going up. Your door can also be stopped and locked at any height for ventilation

#### Automatic Force Sensing:

Equipped with automatic force sensing, with each operation the garage door opener monitors and adjusts the force needed to open your garage door

#### Three Channel Mini-Remote:

A three channel mini remote control with rolling code technology can control up to three different doors or gates

#### Wireless Wall Button:

Wireless push button equipped with rolling code technology for remote operation in the garage or home

#### Ultra Quiet Belt Option

The C rail track combined with a belt drive system means the door produces little or no sound when opening or closing

#### Accessories:

A wide range of accessories is available for this motor.

#### Warranty:

The MT600 comes with a two year general warranty and a five year warranty on the motor
