Smartline Doors

The everyday choice.

The Smartline Range of doors are made of .75 Zincalume and come powdercoated on both sides.

These are 5 panels high and come in both flat panel and negative detail. These stylish doors are also available in aluminium and can be insulated on request.

Cedar Doors

The natural choice.

A cedar garage door is a beautiful, warm and welcoming option for any home. Explore something a little different with the option of rusticated weatherboard profiles to match the exterior cladding of your home. Cedar doors can be insulated on request.

Insulated Doors

The warm & quiet choice.

Fully infilled with EPS on the inside of the door and finished with corflute for a neat and damage resistant surface. Being fully insulated, your garage is warm in winter, cool in summer and is both stronger and quieter. Ask about adding gates to match your door style for a complete exterior finish. These doors are also available in copper and corten for an outstanding for distinctive styling.

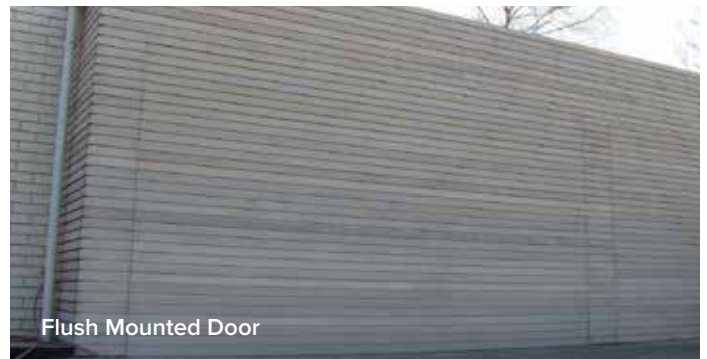

Flush Mounted Doors

The ultimate architectural choice.

This style of door is perfect for an architecturally designed home giving the cladding a continuous look and essentially making the door appear like it isn't there. The flush mounted garage doors have a fully integrated look. The team work alongside the builders and architects to ensure that the flush mounted style doors work seamlessly with the exterior cladding of the home.

Designer Doors

Your individual choice.

Glass & Acrylic Doors

The premium door choice.

With the Arizona being a favourite choice, the superior glass garage doors are a great way to really make your garage door a feature and add value to your home. A beautiful glass door can set the tone for your property giving it a high end look. House of the Year Canterbury Supreme Winner for 2019 featured a fantastic negative detail glass door.

Ply and Batten Doors

The matched-to-your-home choice.

Choose a customised Ply and Batten style garage door to add visual appeal to your home. You have the choice of a range of batten profiles in a variety of horizontal or vertical positions to create a truly unique garage door to be proud of. We will work with you to formalise your design and build your door to suit.
